TREASURE

ABSIP UCT

ABSIP UCT is a non profit Financial Services sector student organization. I was responsible for financial decision making and budgeting.
- Feb 2018 - Feb 2020

FREELANCER

UI/UX Design and Web development

As a freelancer I was taking client ideas and help them derive technical requirements. Then convert those technical requiregents into design prototype for the client to validate the design. After an approved design if I am also developing the product I go ahead and develop according to the design prototype then deploy the product to be accessed on the internet.
- Sep 2020 - Dec 2020

UI/UX DESIGNER (CONTRACTOR)

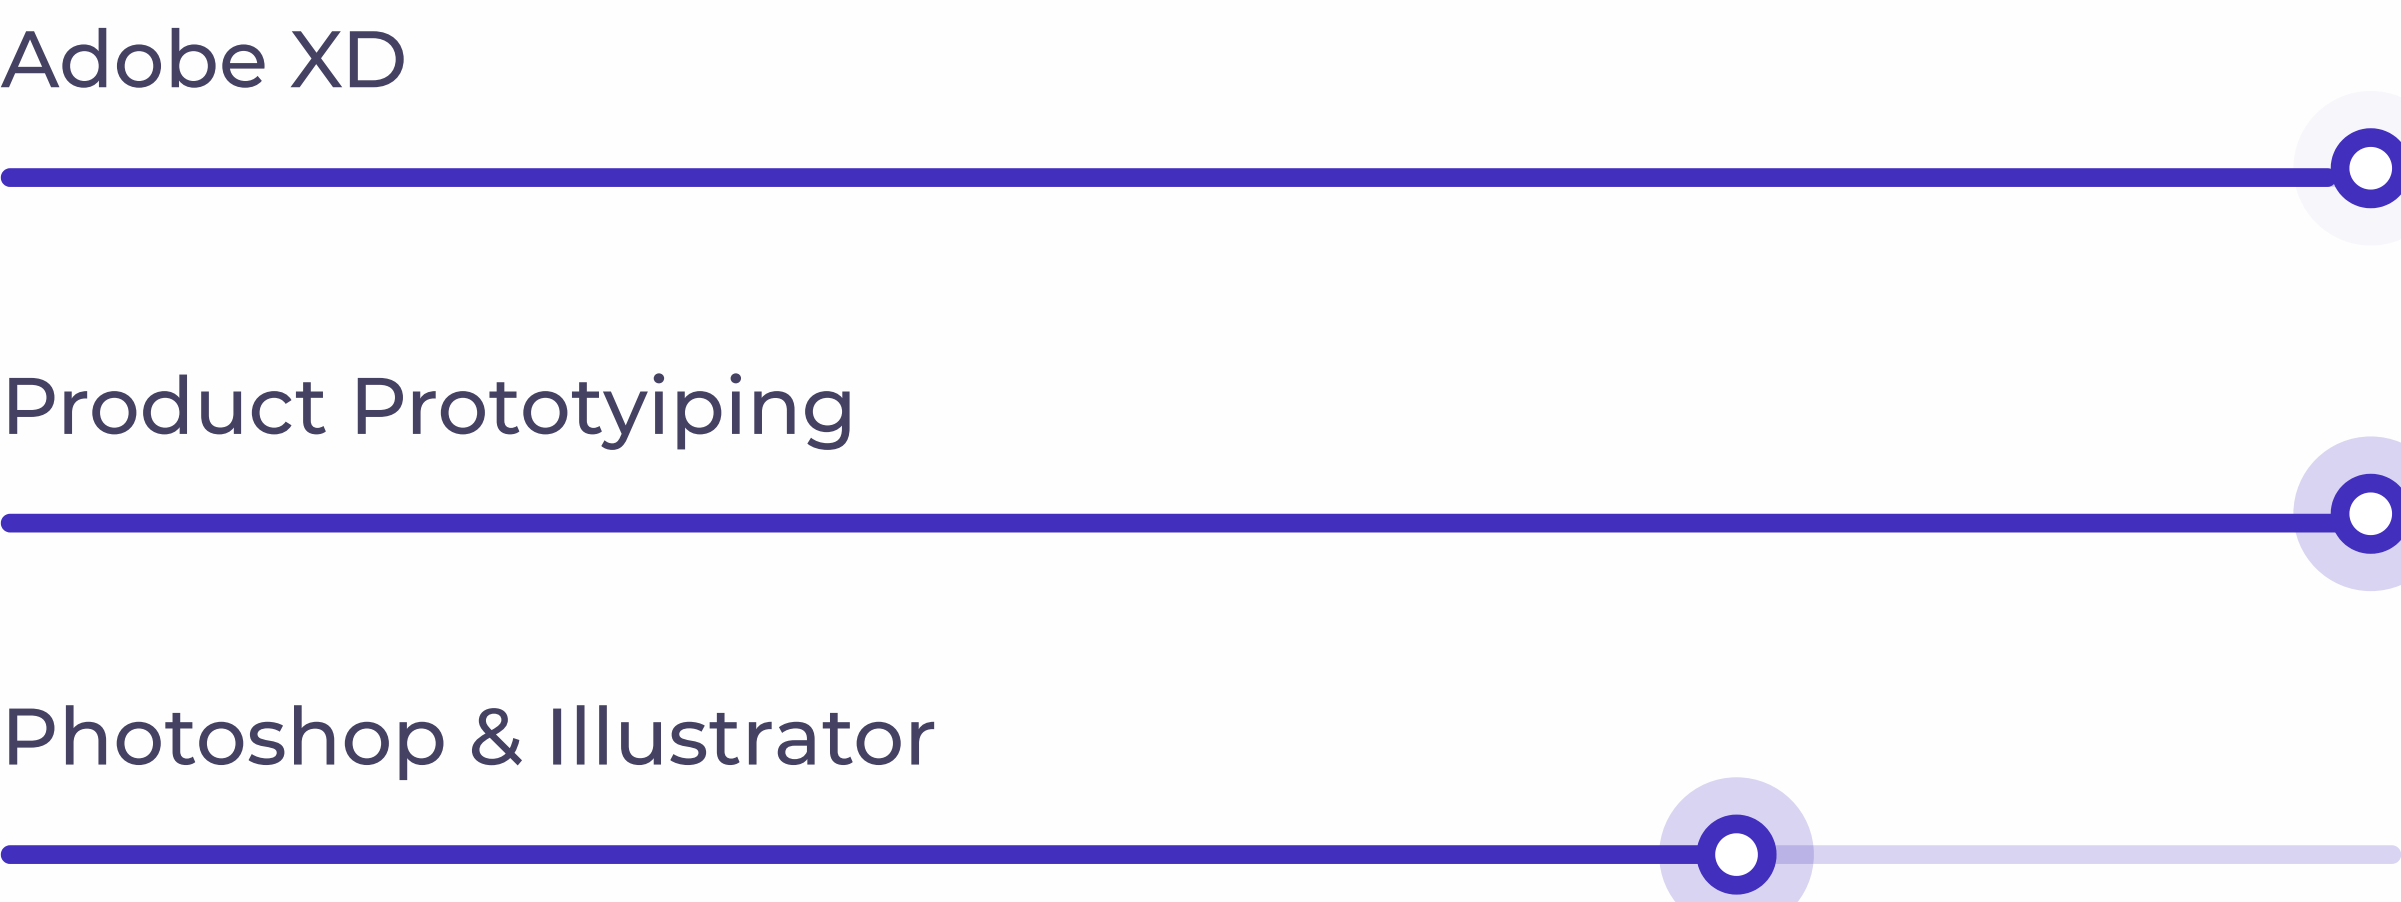

Synsource Solutions (synsource.co.za)

In this role I was responsible for collecting user requirements, design User Interface & Experience. I was working closely with the developer team to pass the design to them and explain/clarify some of the UI design.

During this role I also worked in development in both front-end and backend development.
